

ing to express my concern over the FDA's regulation of  
ally engineered (GE) food, to ask that the agency's current  
ies be changed, and to support all the points in  
ocket # 00P-1211/CPA, specifically:

- All GE foods should be labeled so I am informed and have a choice.
- GE foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing.
- There should be a moratorium on GE foods and crops until long term studies show they are safe for human health and the environment.

Additional Personal Comments: STRONGER STRICT ORGANIC

STANDARDS SHOULD NOT INCLUDE GE FOOD OR GMOs.
